Alternative OLAT-registration

Step-by-step instruction

29.12.2015
The purpose of this instruction is to help you create an OLAT account which can be used by everyone who is not a member of one of the listed universities.
Follow the link below. This will take you directly to the OLAT homepage where you can create your account:

http://olat.vcrp.de/.
1. Please click on „Mit OpenOLAT-Kennung“

2. Please click on „Hier registrieren“ to start the registration process.
First of all you will be asked to choose your language. You will be guided through the registration process in the language you have chosen. Please follow the given instructions.
After the registration process is completed, you will be given a summary of your data. Please be sure to remember your „User name“.
You will need it to log in.
Login after registration

Please go back to the OLAT homepage
http://olat.vcrp.de/

1. Please click on „Mit OpenOLAT-Kennung“

2. Please enter your username and password here.
You can now start using OLAT. If you need any help, you can find a user manual here.
If there are any questions left, please don’t hesitate to contact us!
