The Koblenz Campus of the University of Koblenz-Landau will become an independent university on 01.01.2023. As the interdisciplinary university in northern Rhineland-Palatinate, it will live the knowledge – transformation – innovation paradigm in its profile areas “Education”, “Computer Science”, “Culture and its Mediation” as well as “Material and Environment” and launch cutting-edge initiatives for teacher training and the region. This is your chance to help shape the future University of Koblenz right from the start!

In the Faculty 4: Computer Science at the Koblenz campus, a temporary

**junior professorship (W1 LBesG)**

**for Technology and Innovation Management (m/f/d)**

is to be filled at the Institute for Management at the next possible date.

The faculty “Computer Science” focuses in particular on data intelligence. This topic complex is researched, taught, and developed from different perspectives of computer science and its application fields in cooperation with regional, national and international stakeholders.

The Institute for Management at Faculty 4: Computer Science addresses the fundamental issues of business administration and economics in research and teaching. A behavioral and management-oriented perspective plays just as central a role in the institute's research and teaching orientation as an application and service-oriented perspective on digitization. In addition, the Institute of Management, together with the university's start-up office in Koblenz and Central Institute for Scientific Entrepreneurship and International Transfer (ZIFET), is the primary point of contact for questions relating to business start-ups as well as knowledge and technology transfer.

In particular, an active participation in the further profiling of the Institute for Management as well as the BSc and MSc programs of the faculty “Computer Science” is expected.

**Key responsibilities:**

The position holder will be responsible for representing the subject Technology and Innovation Management in research and teaching.

Research is expected to focus on Technology and Innovation Management. Covering one or more of the following research fields from this area, although other focuses are also possible, will be a plus: Strategic Technology and Innovation Management, Open Innovation, Innovation Culture.

The position holder’s responsibilities will include actively recruiting and developing young scientists.

The teaching obligation is four hours per week per semester (SWS) until the interval evaluation, after which it increases to six hours per week per semester.

The position holder will be expected to teach in the courses of the subject specific degree programs and the discipline units of the teacher training degree programs.

Assisting with examinations in all degree programs of the faculty “Computer Science” is also expected.

The willingness to cooperate across and within disciplines and in general is a prerequisite.

In addition, participation in academic self-government activities are optional. Only after the interval evaluation they are compulsory.
Recruitment requirements:

The recruitment requirements of Section 54 of the Higher Education Act (HochSchG) of the State of Rhineland-Palatinate apply. They include a successful completion of higher education in economic sciences, pedagogical aptitude, which must be demonstrated separately, as well as special competence in academic work, which is usually demonstrated by a qualified doctorate. The duration of academic activity since earning the doctorate should not exceed six years.

Experience in acquiring third-party funding and managing projects with third-party funding will be a plus. A research concept must be presented.

Both good German and good English language skills are required, as courses are offered in both languages.

Special didactic skills and teaching experience are required and must be demonstrated by presenting a teaching concept.

Junior professors are appointed as temporary civil servants for a period of six years. In the fourth year of employment, they undergo an interval evaluation of performance in teaching and research or craft.

The State of Rhineland-Palatinate and the University of Koblenz-Landau advocate a concept of intensive student mentoring and therefore expect a high face-to-face presence at the university.

The University of Koblenz-Landau is a place of diversity and welcomes qualified applications by individuals from different backgrounds.

Women with equivalent aptitude, competence and professional performance are given preferential consideration in hiring, to the extent that as long as there is an under-representation. This ceases to apply when an applicant’s caliber outweighs the requirement for gender equality. Questions regarding the compatibility of private life and career as well as matters of equal opportunities will be answered by the equal opportunities commissioner of the department Univ.-Prof. Dr. Karin Harbusch (harbusch@uni-koblenz.de).

Severely disabled applicants with identical qualifications are given preference in hiring.

For further information, please contact Univ.-Prof. Dr. Harald von Korflesch (harald.vonkorflesch@uni-koblenz.de).

Applicants are asked to send their documents (curriculum vitae with academic background, certificates, research concept, overview of third-party funding, teaching concept, etc.) only via e-mail in one PDF file to bewerbung@uni-koblenz-landau.de no later than 31.03.2022 marked with the identification number 09/2022.
