The Koblenz Campus of the University of Koblenz-Landau will become an independent university on 01.01.2023. As the interdisciplinary university in northern Rhineland-Palatinate, it will live the knowledge – transformation – innovation paradigm in its profile areas “Education”, “Computer Science”, “Culture and its Mediation” as well as “Material and Environment” and launch cutting-edge initiatives for teacher training and the region. This is your chance to help shape the future University of Koblenz right from the start!

Waiting to be filled in the Faculty 4: Computer Science at the Koblenz campus is the appointment to a permanent university professorship (W2 per LBesG) with civil service status for General Economics (m/f/d) at the Institute of Management at the next possible date.

The faculty "Computer Science" focuses in particular on data intelligence. This theme complex is researched, taught, and developed from different perspectives of computer science and its application fields in cooperation with regional, national and international stakeholders.

The Institute of Management at the Department 4: Computer Science deals in research and teaching with the fundamental issues of business administration and economics. A behavioral and management-oriented perspective plays just as central a role in the institute's research and teaching orientation as an application and service-oriented perspective on digitalization. In addition, the Institute of Management, together with the university’s start-up office in Koblenz and Central Institute for Scientific Entrepreneurship and International Transfer (ZIFET), is the primary point of contact for questions related to start-ups as well as knowledge and technology transfer.

With this appointment, the institute would ideally like to strengthen its focus further, which lies in advancing digitalization and its impact on management and the economy. In addition, this is intended to expand further and promote the transfer of knowledge to the region. Furthermore, the professorship is responsible for the subject specific parts of the subject “Economy and labor” in the teacher training degree program for secondary schools “plus” (in German: Realschule plus); the professorship should also contribute to the constitution of the subject “Economy” in the teacher training degree program for vocational schools and cover the corresponding subject specific areas in teaching, once the subject has been introduced.

Key responsibilities:

The position holder will be responsible for representing the subject of General Economics in research and teaching.

He/she should have an outstanding international track record in research in economics. In research, a focus on economics is expected. A further focus on digitalization and its effects at the microeconomic and/or macroeconomic level will be a plus.

In addition, active engagement in the acquisition of third-party funding will be expected. The position holder's responsibilities will include actively recruiting and developing young scientists.

The teaching load is currently nine hours per week per semester. The position holder will be expected to teach in the courses of the subject specific degree programs and the discipline units of the teacher training degree programs.
Assisting with examinations in all degree programs of the faculty 4 "Computer Science" is also expected.

The willingness to cooperate across and within disciplines and in general is a prerequisite. It is also expected that the position holder will take on responsibilities in academic self-government. The position holder will be expected to play a significant role in shaping the Institute of Management through his/her ideas and emphases and actively generate initiatives that contribute to developing the profile.

**Recruitment requirements:**

The recruitment requirements of Section 49 of the Higher Education Act (HochSchG) of the State of Rhineland-Palatinate apply. The statute requires a completed higher education, a qualified doctorate in business science or economics, pedagogical aptitude, and additional scientific achievements.

Experiences in acquiring and managing externally funded projects is expected to be documented with an overview of past third-party funding activities. A research concept must also be presented.

Both good German and English language skills are required, as courses are offered in both languages.

Special didactic skills and teaching experience are required and must be demonstrated by presenting a teaching concept.

The State of Rhineland-Palatinate and the University of Koblenz-Landau advocate a concept of intensive student mentoring and therefore expect a high face-to-face presence at the university.

The University of Koblenz-Landau is a place of diversity and welcomes qualified applications from individuals from different backgrounds.

Women with equivalent aptitude, competence, and professional performance are given preferential consideration in hiring to the extent that as long as there is an under-representation. This ceases to apply when an applicant's caliber outweighs the requirement for gender equality. Questions regarding the compatibility of private life and career and matters of equal opportunities will be answered by the equal opportunities commissioner of the faculty Prof. Dr. Karin Harbusch (harbusch@uni-koblenz.de).

Severely disabled applicants with identical qualifications are given preference in hiring.

For further information, please contact Prof. Dr. Matthias Gouthier (gouthier@uni-koblenz.de), Head of the Institute of Management.

Applicants are asked to send their documents (curriculum vitae with academic background, certificates, research concept, overview of third-party funding, teaching concept, etc.) only via e-mail in one PDF file to bewerbung@uni-koblenz-landau.de no later than 05.04.2022 marked with the identification number 15/2022.
